Important: Submit a complete file. All information is available on the website of the [Embassy of Belgium Kigali](#), on the website of the [Belgian Immigration Office](#) and on the website of our service provider [TLScontact](#). For that matter the Belgian authorities in charge of the examination of visa applications consider that the submission of an incomplete visa application means that the person asking for the visa is not taking the application seriously or that the person is incapable of submitting the necessary documents.

*Attention ! **Guarantees for return** (assessment of migration risk): the applicant is requested to provide as much information as possible to document his/her family background, professional and socio-economic status, ownership of land or real estate (for instance : proof of family bonds with his/her country of origin, proof of regular income and stable source of revenues from the applicant and/or his/her partner, proof of property, etc.)*

This information is essential to correctly judge the intention of the applicant to leave the Schengen area before the expiry of his/her visa.

Being in possession of a visa does not necessarily **guarantee a right of entry**. When you arrive at external border controls of the Schengen territory, the authorities verify if you are still respecting the conditions of entry. If not the case, you risk being sent back and the annulment of your visa.
